School Hours

Lower School: 8:10a - 3:10p
Upper School: 8:00a - 3:00p

Principal:
Jamelie Johns

Offers Bus Transportation

Offers Before & Aftercare

Normal Park believes that learning does not stop at the four walls of a classroom but extends into our community. The school values authentic student engagement in real-world applicable project based learning and encourages students to learn through exploration. Students have the opportunity for weekly learning expeditions to connect their learning in a museum setting through the school's partnership with 6 area museums. Normal Park celebrates their learning by turning the school into a museum of student work 4 times a year. Normal Park students extend their self-discovery through opportunities in a foreign language, an e-Lab, music/band, dance, and theater programs in addition to a variety of athletic choices.
